We'd like to show you why Momence is a good place to live and a good place to work.

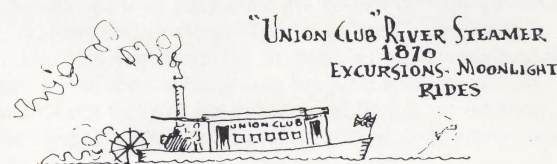

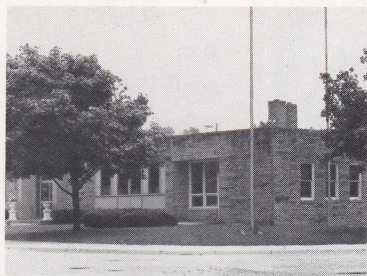

An
established
place...

Momence is the oldest town in Northeastern Illinois. The year 1984 marks the 150th year for the establishment of Momence as a town. While the rest of the state was fairly well settled by 1830, this part of Illinois was still wilderness — prairie, woodland and marsh. Hence the term "Border Town" was applied to the city — the "border" between civilization and wilderness; from the late 1600's when LaSalle and his men had ventured into the region until Gordon Hubbard, furtrader from Quebec, first came in 1928 to establish fur-trading posts.

In the course of the summer fur-buying trips from Fort Dearborn, Hubbard used a trail which led from the Fort as far south as Vincennes, Indiana. This trail was to see later influx of covered wagons and teams bringing settlers from Canada and the East to make the first settlement of Momence at the Upper Crossing on the Kankakee River. This trail was in 1830 made a state road, and even today it is commemorated by the fact that the end of it bears its name — "State Street" in Chicago. One old milestone remains at Momence — a small marker bearing the numbers "179" — indicating that it was 179 miles to Vincennes.

It is said the name of Momence was derived from the famous Pottawatomi Chief Momenza. The residents of the town enjoy the distinction of living and working in two townships. The Dixie Highway divides the town; on one side is Momence Township and the other is Ganeer Township from the name Je-Neir, an Indian squaw, wife of Momenza.

**A
good
place ...**

Our local government officials are a major reason why. They don't think of us as voters, they think of us as neighbors. It shows.

Our city council consists of an elected mayor and eight aldermen, two for each of the four wards. The mayor and councilmen each serve four year terms. They meet on the first and third Mondays of the month at City Hall located at 123 West River Street. They levy taxes, they determine policy, they pass ordinances and hire city personnel.

The Momence and Ganeer Township Boards are responsible for the construction and maintenance of roads in their district except those incorporated in the city. The Township Assessor maintains tax map and up-to-date listings of property owners for tax revenue. The township trustee also provides general assistance to indigent citizens on a temporary basis.

The citizens of Momence demand professional and efficient police and fire protection and we receive it. The Momence Fire Department is a well equipped force of 32 well-trained volunteers, made up of experienced firefighters and emergency Medical Technicians. The greater Momence Fire Protection District services an area of 92 square miles and a population of 12,000.

While the Momence Fire Department is a volunteer force with professional ability, our Police Department is made up of professional officers, protecting the peace and promoting justice. The police department provides community education programs and, thanks to their efforts, our crime rate is low. There are five full-time officers and one part-time.

The goal of all Momence officials and public safety personnel is to serve and protect their neighbors, to make Momence a better place to work, a safer place to live.
